ChatGPT

ChatGPT is an artificial intelligence program developed by OpenAI. It can understand human language and answer questions in different languages.

ChatGPT was released in 2022 and became very popular in a short time. Many people use it every day. Students and teachers use ChatGPT to study, write texts and find information. It is also used in education to help explain ideas.

However, ChatGPT is not perfect. Sometimes it can give wrong information, so it is important to check the facts. People should use this tool carefully.

Today, ChatGPT is used in different areas, especially in education and business.
